Summary: Existing law, the Pharmacy Law, provides for the licensure and regulation of pharmacists and pharmacies by the California State Board of Pharmacy. A violation of the Pharmacy Law is a crime. Existing law also imposes requirements on audits of pharmacy services provided to beneficiaries of a health benefit plan, as specified. This bill would require pharmacy benefit managers, as defined, to be registered with the Department of Managed Health Care, as prescribed. The bill would require the department to develop applications for the registration, and would specify certain information to be provided in those applications. The bill would authorize the department to charge a fee for registration, as specified. The bill would authorize the director of the department to suspend the registration of a pharmacy benefit manager under specified circumstances. This bill contains other related provisions.

Summary: Existing law requires specified state agencies to participate in a prescription drug bulk purchasing program, authorizes the Department of General Services to enter into exclusive or nonexclusive contracts on a bid or negotiated basis with manufacturers and suppliers of single-source or multisource drugs and to obtain from those manufacturers and suppliers discounts, rebates, or refunds based on quantities purchased insofar as permissible under federal law, and authorizes the department to appoint and contract with a pharmaceutical benefits manager, as specified. Existing law authorizes the Department of General Services to explore additional strategies for managing prescription drug costs and investigate and implement those strategies in consultation with other specified state agencies. This bill would revise these provisions and instead require the department to convene the California Pharmaceutical Collaborative cochaired by the Deputy Director of the Procurement Division of the department and the Assistant Secretary of California Health and Human Services to address the rising cost of pharmaceuticals. The bill would require the Department of Corrections and Rehabilitation, the Department of Veterans Affairs, the California Health and Human Services Agency, the Department of Finance, the Government Operations Agency, and the Labor and Workforce Development Agency, among other entities, to each appoint a representative to the collaborative and to participate as members. The bill would also require the Speaker of the Assembly and the President pro Tempore of the Senate each to appoint one member to the collaborative. This bill contains other related provisions.

Summary: (1)Existing law establishes various public agency retirement systems, including, among others, the Public Employees' Retirement System, the State Teachers' Retirement System, the Judges' Retirement System II, and various county retirement systems pursuant to the County Employees Retirement Law of 1937. These systems provide defined pension benefits to public employees based on age, service credit, and amount of final compensation. This bill would eliminate that authorization, and would specify that if an agency established by a joint powers agreement participates in, or contracts with, a public retirement system, member agencies, both current and former to the agreement, would be required, prior to a termination or a decision to dissolve or cease the operations of the agency, to mutually agree as to the apportionment of the agency's retirement obligations among themselves, provided that the agreement equals 100% of the retirement liability of the agency. If the member agencies are unable to mutually agree to the apportionment, the bill would require the board to apportion the retirement liability of the agency to each member agency based on the share of service received from the agency, or the population of each member agency, as specified, and would establish procedures allowing a member agency to challenge the board's determination through the arbitration process. The bill would also provide that if a judgment is rendered against an agency or a party to the agreement for a breach of its obligations to the retirement system, the time within which a claim for injury may be presented or an action commenced against the other party that is subject to the liability determined by the judgment begins to run when the judgment is rendered. The bill would specify that those provisions apply both retroactively to a member agency, or current and former member agency, that has an agreement with the board on or before January 1, 2019, and to new agreements with the board on or after that date. This bill contains other related provisions and other existing laws.

Summary: Existing law requires a person or business conducting business in California or an agency that owns or licenses computerized data that includes personal information, as defined, to disclose a breach in the security of the data to a resident of California whose encrypted or unencrypted personal information was, or is reasonably believed to have been, acquired by an unauthorized person, as specified. This bill would, if the security breach exposed a social security number, a driver's license number, or a California identification card number, require the notice to also include the Internet Web site address of each of the major credit reporting agencies and a notice instructing the affected person that information related to security freezes and fraud alerts is available from the major credit reporting agencies. Summary: Existing law, the Knox-Keene Health Care Service Plan Act of 1975, provides for the licensure and regulation of health care service plans by the Department of Managed Health Care, and makes a willful violation of the act a crime. Existing law provides for the regulation of health insurers by

the Department of Insurance. Existing law requires a health care service plan or health insurer that covers outpatient prescription drug benefits to provide coverage for specified prescription drugs, and requires cost sharing for outpatient prescription drugs to be reasonable so as to allow access to medically necessary outpatient prescription drugs. This bill would limit the amount a health care service plan or health insurer may require an enrollee or insured to pay at the point of sale for a covered prescription to the lesser of the applicable cost-sharing amount or the retail price. The bill would prohibit a health care service plan or health insurer from requiring a pharmacy to charge or collect a cost-sharing amount from an enrollee or insured that exceeds the total retail price for the prescription drug. The bill would require the amount paid for a prescription to be applied to the enrollee's or insured's deductible and out-of-pocket maximum if the enrollee or insured pays the retail price. This bill contains other related provisions and other existing laws.

Summary: Existing law establishes the Department of Housing and Community Development and sets forth its powers and duties. This bill would enact the Affordable Senior Housing Act of 2017, which would establish the Affordable Senior Housing Program within the jurisdiction of the department. The bill would declare that the purpose of this program is to guide and serve as a catalyst for the development of affordable senior housing and supportive care campuses within this state and would require the director of the department to undertake various actions in implementing this program, including establishing and implementing a process for identifying and convening public and private stakeholders, assisting program participants in identifying suitable locations and potential sources of public and private funding for the development of affordable senior housing, obtaining state and local permits, providing guidance on regulatory compliance, and providing information on tax credits and other incentives. The bill would require the director to annually report to the Legislature specified information about the program. The bill would require the department to convene public and private stakeholders that are interested in developing and financing mixed use affordable senior housing and supportive care campuses in order to discuss and identify specified issues. In this regard, the bill would require the director to report to the Legislature by January 1, 2019, on the information learned from the stakeholders. The bill would make the program operative upon the completion of that stakeholder report. The bill would also make various findings and declarations with regard to its provisions.

Summary: The California Constitution grants the retirement board of a public employee retirement system plenary authority and fiduciary responsibility for investment of moneys and administration of the retirement fund and system. The California Constitution qualifies this grant of powers by reserving to the Legislature the authority to prohibit investments if it is in the public interest and the prohibition satisfies standards of fiduciary care and loyalty required of a retirement board. Existing law prohibits the boards of administration of the Public Employees' Retirement System and State Teachers' Retirement System from making investments in certain countries and in thermal coal companies, as specified, subject to the boards' plenary authority and fiduciary responsibility for investment of moneys and administration of their respective systems. The bill would authorize the Chairperson of the Assembly Committee on Public Employees, Retirement, and Social Security, the Chairperson of the Senate Committee on Public Employment and Retirement, the Speaker of the Assembly, or the President pro Tempore of the Senate to request assessment of a divestment proposal and would require the requesting party to forward the proposal to the program. Not later than 60 days after receiving a request, the bill would require the program to provide its analysis to the appropriate policy and fiscal committees of the Legislature. The bill would require the program's analysis to be made publicly available. The bill would create the Pension Divestment Review Program the moneys in which, upon appropriation by the Legislature, would be available to support the work of the program. The bill would appropriate \$2,000,000 from the General Fund for support of the program for the 2018-19 fiscal year. The bill would require the program to submit a report to the Governor and the Legislature on or before January 1, 2020, regarding the implementation of these provisions. This bill contains other existing laws.

Existing law also provides for the regulation of health insurers by the Department of Insurance. This bill would extend those provisions until January 1, 2024. The bill would, until January 1, 2024, prohibit a drug formulary maintained by a health care service plan or health insurer from containing more than 4 tiers, as specified. The bill would require a prescription drug benefit to provide that an enrollee or an insured is not required to pay more than the retail price for a prescription drug if a pharmacy's retail price is less than the applicable copayment or coinsurance amount, and the payment rendered by an enrollee or insured would constitute the applicable cost sharing, as specified. Summary: Existing law, the Public Employees' Retirement Law (PERL), establishes the Public Employees' Retirement System (PERS), which provides a defined benefit to members of the system, based on final compensation, credited service, and age at retirement, subject to certain variations. PERL authorizes a public agency to contract to make its employees members of PERS and prescribes a process for this. PERS is administered by its board of administration, which is responsible for correcting errors and omissions in the administration of the system and the payment of benefits. Existing law requires the board to correct all actions taken as a result of errors or omissions of the state or a contracting agency, in accordance with certain procedures. This bill would establish new procedures under PERL for cases in which a member's benefits are erroneously calculated by the state or a contracting agency. The bill, with respect to a memorandum of understanding (MOU) entered into before January 1, 2019, would require the system, upon determining that compensation for an employee member covered by that MOU reported by the state or a contracting agency conflicts with specified law, to discontinue the reporting of the disallowed compensation and not to pay benefits based on the disallowed compensation, except as provided. The bill would require the contributions made on the disallowed compensation, for active members, to be credited against future contributions on behalf of the member. The bill would require PERS, with respect to retired members or beneficiaries whose final compensation at retirement was predicated upon disallowed compensation, to permanently adjust the benefit to reflect the inclusion of the disallowed compensation. The bill would also require that the retired member or beneficiary be permitted to retain the benefit level and not be required to repay that benefit, if, among other things, the member was unaware the compensation was disallowed when reported. The bill would require the applicable state or contracting agency to pay the cost associated with the new entitlement, as specified. This bill contains other related provisions and other existing laws.

PERL authorizes a public agency to contract to make its employees members of PERS and prescribes a process for this. PERL prohibits participating employers from failing or refusing to pay their contributions on time. PERL authorizes the board to charge interest on agency contributions due and unpaid. This bill would require a contracting agency that fails to make its required employer contributions on time, and that fails to cure the delinquency within 7 days, to notify members and retired members who are current or past employees of that agency, or their beneficiaries, of the agency's delinquency by mail within 30 days of the payment having become delinquent. The bill would require the board to provide contact information in a specified format to contracting agencies for the purpose of providing notice to members and retired members who are current or past employees of that agency, or to their beneficiaries, and would prescribe a process in this regard. The bill would immunize contracting agencies for failure to provide notice if the contact information is incomplete or incorrect.

Summary: Existing law authorizes victims of domestic violence, sexual assault, stalking, or human trafficking to complete an application to be approved by the Secretary of State for the purpose of enabling state and local agencies to respond to requests for public records without disclosing a program participant's residence address contained in any public record and otherwise provide for confidentiality of identity for that person, subject to specified conditions. Any person who makes a false statement in an application is guilty of a misdemeanor. This bill would make this program available to a victim of elder or dependent adult abuse. By expanding the scope of the program to include victims of elder or dependent abuse, this bill would impose new duties on local public officials and expand the scope of an existing crime, thereby creating a state-mandated local program. Summary: Existing statutory law establishes various public agency retirement systems, including, among others, the Public Employees' Retirement System, the State Teachers' Retirement System, the Judges' Retirement System II, and various county retirement systems pursuant to the County Employees Retirement Law of 1937, and these systems provide defined pension benefits to public employees based on age, service credit, and amount of final compensation. The California Constitution permits a city or county to adopt a charter for purposes of its governance that supersedes general laws of the state in regard to specified subjects, including compensation of city or county employees. The California Constitution establishes the University of California as a public trust with full powers of organization and government, subject only to specified limitations. Under their respective independent constitutional authority, charter cities and counties and the University of California may and have established retirement systems. The California Public Employees' Pension Reform Act of 2013 (PEPRA) generally requires the retirement systems to which it applies to modify their provisions to conform with its requirements. PEPRA excepts from its provisions retirement systems established by charter cities

and counties and the University of California. PEPRA requires the retirement systems that it regulates and that offer defined benefit plans to provide specified defined benefit formulas and prescribes requirements regarding employer and employee contributions to defined benefit pension plans. This measure would permit a government employer to reduce retirement benefits that are based on work not yet performed by an employee regardless of the date that the employee was first hired, notwithstanding other provisions of the California Constitution or any other law. The measure would prohibit it from being interpreted to permit the reduction of retirement benefits that a public employee has earned based on work that has been performed, as specified. The measure would define government employer and retirement benefits for the purposes of its provisions.

Summary: Existing law establishes within the Governor's office the Government Operations Agency, which consists of several state agencies, including the Department of General Services and the Department of Technology, and is governed by the Secretary of Government Operations. This bill would require the Government Operations Agency to establish and administer the government innovation fellows program to identify opportunities to apply advanced skillsets and innovative practices in effective ways to improve the delivery of state governmental services through the selection and assignment of fellows within state agencies. The bill would require, prior to the selection and assignment of a fellow, and with existing resources, the Government Operations Agency to consult with state agencies, private entities, or other nongovernmental sources to obtain resources and administrative support for the program, including necessary equipment, and other related costs necessary for a fellow to complete an assigned project. The bill would make, among other things, selection and assignment of fellows contingent upon the receipt of sufficient funds, as determined by the agency, from private or other nongovernmental sources. The bill would require fellows to serve for a term not to exceed 2 years and would prohibit fellows selected for the program from obtaining civil service status and supplanting the work of civil service employees of the state. The bill would authorize the Government Operations Agency to enter into a personal services contract to provide compensation to the fellow if specified conditions are met.

Summary: Existing law creates the Department of Finance and provides that the department has general powers of supervision over all matters concerning the financial and business policies of the state. This bill would authorize the Department of Finance to identify infrastructure projects in the state for which the department will guarantee a rate of return on investment for an investment made in that infrastructure project by the Public Employees' Retirement System. The bill would create the Reinvesting in California Special Fund as a continuously appropriated fund and would require the moneys in the fund to be used to pay the rate of return on investment. The bill would require the rate of return on investment to be subject to the availability of moneys in the fund. The bill would also state the intent of the Legislature to identify special funds to be transferred into the fund for the purposes of these provisions. By creating a new continuously appropriated fund, this bill would make an appropriation. This bill contains other existing laws.

Summary: The existing Bill of Rights for State Excluded Employees (bill of rights) prescribes various rights and terms and conditions of employment for excluded employees, defined as certain supervisory, managerial, and confidential state employees, among other specified employees. This bill would amend the bill of rights to require the management of each state entity, as specified, on or before January 1, 2019, to develop policies for their supervisory employees regarding shift assignments, vacations, and overtime, and to meet with the supervisory employee organizations that represent the excluded employees. The bill would not apply to the Department of the California Highway Patrol.

(Cooper D) County employees' retirement: districts: retirement system governance.

Current Text: Amended: 5/18/2017 [html](#) [pdf](#)

Introduced: 2/13/2017

Last Amend: 5/18/2017

Status: 7/21/2017-Failed Deadline pursuant to Rule 61(a)(11). (Last location was P.E. & R. on 5/18/2017)(May be acted upon Jan 2018)

Location: 7/21/2017-S. 2 YEAR

Summary: (1)The County Employees Retirement Law of 1937 (CERL) authorizes counties to establish retirement systems pursuant to its provisions in order to provide pension benefits to their employees. CERL defines a district for these purposes, includes specified county retirement systems within that definition, and permits a district to participate in CERL retirement systems. CERL generally provides that the personnel of a county retirement system are county employees, subject to county civil service provisions and salary ordinances, but also authorizes the boards of retirement in specified counties to adopt provisions providing for the appointment of personnel who are to be employees of the retirement system, as well as other administrative provisions that reflect the independence of the retirement system from the county. This bill would define the Sacramento County retirement system as a district under CERL. The bill would authorize the board to adopt, by resolution, specified administrative provisions that would classify various personnel of the retirement system as employees of the retirement system and not employees of the county. The bill would require the retirement system to notify, and to meet and discuss with, participating employers in the retirement system, the employees of the system, and specified employee organizations, regarding the retirement system's intent to exercise this authority at least 60 days before considering a resolution to make these provisions

applicable. The bill would grant an employee organization representing people who work for the retirement system, and an unrepresented person who works for the retirement system, the right to elect to be employees of the retirement system, which would be irrevocable, except as specified, and the status of the affected employee positions would remain changed for successor employees. In regard to county employees who would become retirement system employees, the bill would prescribe requirements in connection with their compensation and employment benefits and status. These provisions would include maintaining their county retirement benefits that would otherwise be reduced under PEPR, keeping their employment classifications, providing for the transfer of leave balances accrued as county employees to the retirement system, as specified, and affording employees the opportunity to continue participation in group health and dental plans, among other things. The bill would prescribe requirements regarding labor negotiations and the continuity of labor agreements. The bill would grant the retirement system the authority to adopt the regulations and enter into the agreements necessary to implement them. The bill would require counties to cooperate and act in a timely manner to establish and implement agreements in this regard. The bill would make technical and conforming changes. This bill contains other related provisions and other existing laws.

SENATE APPROPRIATIONS, PORTANTINO, Chair

Summary: Existing law, the Knox-Keene Health Care Service Plan Act of 1975, provides for the licensure and regulation of health care service plans by the Department of Managed Health Care and makes a willful violation of the act a crime. Existing law requires every nonprofit health care service plan applying to restructure, as defined, or convert its activities to secure the approval of the Director of the Department of Managed Health Care. Under existing law, a health care service plan is required to notify the director of any material modifications of its plan or operations, as specified. This bill would require a health care service plan that intends to merge or consolidate with, or enter into an agreement resulting in its purchase, acquisition, or control by, any entity, as defined, including another health care service plan or a licensed health insurer, to give notice to, and secure prior approval from, the Director of the Department of Managed Health Care. The bill would require the health care service plan to meet specified requirements and to provide information necessary for the director to make the determination to approve, conditionally approve, or disapprove the transaction or agreement, as specified. The bill also would require the department, prior to approval, conditional approval, or denial of the proposed agreement or transaction, to hold a public meeting on the proposal and make specified findings. The bill would require the director to prepare a statement if the director determines that a material amount of the health care service plan's assets are subject to merger, consolidation, acquisition, purchase, or control, as specified, and would require the department to make the statement available prior to the public meeting. The bill would authorize the director to give conditional approval for a transaction or agreement as described in the bill, under specified circumstances. The bill would deem any material modification filed by a health care service plan that is a transaction or agreement as described in the bill to be subject to specified fees and costs related to the approval, conditional approval, or disapproval process. Because a willful violation of the bill's provisions applicable to a health care service plan would be a crime, it would impose a state-mandated local program. This bill contains other related provisions and other existing laws.

Last Amend: 7/17/2017

Status: 9/1/2017-In committee: Held under submission.

Location: 8/21/2017-S. APPR. SUSPENSE FILE

Summary: Existing law establishes the California Department of Aging in the California Health and Human Services Agency. Existing law requires the department to designate various private nonprofit or public agencies as area agencies on aging to work for the interests of older Californians within a planning and service area and provide a broad array of social and nutritional services. Existing law requires the department to provide leadership to those agencies in developing systems of home- and community-based services that maintain individuals in their own homes or least restrictive homelike environments and requires those agencies to function as the community link at the local level for the development of those services. Existing law requires each area agency on aging to maintain a professional staff that is supplemented by volunteers, governed by a board of directors or elected officials, and whose activities are reviewed by an advisory council consisting primarily of older individuals from the community. This bill would require, until July 1, 2023, each area agency on aging to develop an evidence-based or evidence-informed core training program for staff relating to Alzheimer's disease and dementia, and any additional training based on local needs. The bill would also require

each agency to maintain an Alzheimer's and dementia specialist to provide information, assistance, referrals, and options counseling to families. If an agency lacks the capacity to maintain a specialist, the bill would authorize the agency to contract with a qualified local entity to provide these services, as specified. The bill would specify that it would be implemented only to the extent that funds are appropriated by the Legislature for its purposes, including funding to augment the administrative operations of the department that are necessary to implement these provisions. This bill contains other existing laws.

Summary: Existing law, the Elder Abuse and Dependent Adult Civil Protection Act, provides for the award of attorney's fees and costs to, and the recovery of damages by, a plaintiff when it is proven by clear and convincing evidence that the defendant is liable for physical abuse or neglect, and the defendant has also been found guilty of recklessness, oppression, fraud, or malice in the commission of that abuse. This bill would instead apply a preponderance of the evidence standard to any claim brought against a residential care facility for the elderly or a skilled nursing facility, except as specified, for remedies sought pursuant to the above provisions, upon circumstances in which spoliation of evidence has been committed by the defendant, as specified. The bill would make conforming changes to a related provision.

Status: 6/25/2018-In committee: Referred to APPR. suspense file.

Location: 6/25/2018-S. APPR. SUSPENSE FILE

Summary: Existing law permits a person, corporation, or public agency to apply to the Secretary of State for certification or conditional approval of a remote accessible vote by mail system. Existing law requires the Secretary of State to examine and certify remote accessible vote by mail systems, as specified. Existing law permits a voter, including a voter with a disability or a military or overseas voter, to apply for and receive a vote by mail ballot from his or her county elections official. Existing law also authorizes specified counties to conduct an election as an all-mailed ballot election if specified requirements are satisfied, including requirements relating to accessibility by voters with disabilities. This bill would require a county elections official to permit a voter with a disability, or a military or overseas voter, to cast his or her ballot using a certified remote accessible vote by mail system. This requirement would not apply to a county when conducting an all-mailed ballot election, as specified. These provisions would become operative on January 1, 2020, or one year after the date on which the Secretary of State certifies a remote accessible vote by mail system pursuant to existing provisions of law, whichever is later. By imposing additional duties on local elections officials, this bill would impose a state-mandated local program. The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement. This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to the statutory provisions noted above.

Summary: Existing law, with regard to disputes concerning collective bargaining agreements for private employment, requires a court to award attorney's fees to a prevailing party in an action to compel arbitration of the disputes unless the other party has raised substantial and credible issues involving complex or significant questions of law or fact regarding whether or not the dispute is arbitrable. Existing law also creates, in this context, a right to attorney's fees for a prevailing party in a court action to compel compliance with the decision or award of an arbitrator or grievance panel regarding the disputes, or for a prevailing appellee in the appeal of the decision of an arbitrator regarding the disputes, unless the other party or appellant, respectively, has raised substantial issues involving complex or significant questions of law. SENATE APPROPRIATIONS, PORTANTINO, Chair

Summary: Existing state law, the Sherman Food, Drug, and Cosmetic Law, generally regulates misbranded food and provides that any food is misbranded if its labeling does not conform with the requirements for nutrient content or health claims as set forth in the Federal Food, Drug, and Cosmetic Act and the regulations adopted pursuant to that federal act. Existing law requires that a food facility, as defined, make prescribed disclosures and warnings to consumers, as specified. A violation of these provisions is a crime. Existing state law, the Pupil Nutrition, Health, and Achievement Act of 2001, also requires the sale of only certain beverages to pupils at schools. The beverages that may be sold include fruit-based and vegetable-based drinks, drinking water with no added sweetener, milk, and in middle and high schools, an electrolyte replacement beverage if those beverages meet certain nutritional requirements. This bill would establish the Sugar-Sweetened Beverages Safety Warning Act, which would prohibit a person from distributing, selling, or offering for sale a sugar-sweetened beverage in a sealed beverage container, a multipack of sugar-sweetened beverages, or a concentrate, as those terms are defined, in this state unless the sealed beverage container, multipack, or packaging of the concentrate bears a safety warning, as prescribed. The bill also would require every person who owns, leases, or otherwise legally controls the premises where a vending machine or beverage dispensing machine is located, or where a sugar-sweetened beverage is sold in an unsealed container, to place a specified safety warning in certain locations, including on the exterior of any vending machine that includes a sugar-sweetened beverage for sale. Summary: (1)The California Residential Care Facilities for the Elderly Act, among other things, requires the State Department of Social Services to investigate the criminal record of certain individuals who provide services to residents. The act requires an individual to obtain a criminal record clearance or exemption from the department before his or her initial presence at a facility. The act authorizes an individual to transfer a current criminal record clearance from one facility to another, under specified circumstances, for purposes of complying with these requirements. This bill would prohibit an individual who is employed at a residential care facility for the elderly operated by a licensee and who possesses a current criminal record clearance from being required to transfer his or her current criminal record clearance to another facility operated by the same licensee. Last Amend: 9/6/2017

Location: 10/15/2017-A. VETOED

Summary: Existing law establishes the Home Care Services Consumer Protection Act, which provides for the licensure and regulation of home care organizations, as defined, by the State Department of Social Services, and for the registration of home care aides. The act requires the department to establish and maintain a registry of registered home care aides and home care aide applicants on the department's Internet Web site, as provided. The act prohibits the registry on the Internet Web site from providing any additional, individually identifiable information about a registered home care aide or home care aide applicant. Existing law authorizes the department to maintain additional information for registered home care aides or home care aide applicants, as necessary for the administration of the act, but prohibits the department from making that information publicly available on the registry. A violation of the act is a misdemeanor, punishable by a fine not to exceed \$1,000, by imprisonment in a county jail for a period not to exceed 180 days, or by both that fine and imprisonment. This bill would require, beginning September 1, 2018, an electronic copy of a registered home care aide's name, telephone number, and cellular telephone number, if available, on file with the department to be made available, upon request, to a labor organization, as specified. The bill would prohibit a labor organization from using or disclosing this information, as specified. The bill would also require the department to establish a simple opt-out procedure by which a registered home care aide may request that his or her contact information on file with the department not be disclosed in response to a request by a labor organization. The bill would require the department to provide a written notice with information about the opt-out procedure to registered home care aides, as specified. Because a

violation of the Home Care Services Consumer Protection Act is punishable as a misdemeanor and this bill would expand requirements under the act, this bill would impose a state-mandated local program. This bill contains other related provisions and other existing laws.

Unless required under the DNA Act or pursuant to a court order or search warrant, this bill would prohibit a law enforcement entity from collecting a buccal swab sample or any other biological sample from a minor without first obtaining written consent of the minor and approval of the minor's consent by a parent, legal guardian, or attorney, as specified. The bill would also prohibit, except as otherwise expressly authorized by law, the entry of a minor's DNA into a DNA and forensic identification database, as specified.

Summary: The California Constitution grants the retirement board of a public employee retirement system plenary authority and fiduciary responsibility for investment of moneys and administration of the retirement fund and system. The California Constitution qualifies this grant of powers by reserving to the Legislature the authority to prohibit investments if it is in the public interest and the prohibition satisfies standards of fiduciary care and loyalty required of a retirement board. Existing law prohibits the boards of administration of the Public Employees' Retirement System and State Teachers' Retirement System from making investments in certain countries and in thermal coal companies, as specified, subject to the boards' plenary authority and fiduciary responsibility for investment of moneys and administration of the systems. This bill, upon the passage of a federal law imposing sanctions on Turkey for failure to acknowledge the Armenian Genocide, would prohibit the boards of administration of the Public Employees' Retirement System and State Teachers' Retirement System from making additional or new investments, or renewing existing investments, of public employee retirement funds in an investment vehicle in Turkey that is issued by the government of Turkey or that is owned, controlled, or managed by the government of Turkey. The bill would require the boards to liquidate existing investments in Turkey in these types of investment vehicles within 6 months of the passage of a federal law imposing those sanctions on Turkey.

Summary: (1)Existing law prescribes various duties of the Controller in connection with deductions requested by employee organizations and other bona fide organizations regarding requests for deductions from the salaries and wages of their members. Existing law defines employee organization in this context as one which represents employees of the state or the California State University and which is registered or recognized, as specified, and defines bona fide organization as an organization of employees or former employees of an agency of the state and the California State University, which does not have as one of its purposes representing employees in their employment relations. Existing law prescribes the duties of the governing boards of school districts in regard to requests by certificated employees for deductions from the salaries and wages, and prescribes similar duties for the governing boards of community college districts. Existing law authorizes a trial court employee or interpreter to permit a dues deduction from his or her salary in the same manner provided to public agency employees pursuant to specified law applicable to the state and the Controller, as described above. This bill would revise and recast these provisions. The bill would expand certain authorizations and requirements currently applicable to the Controller and employees of the state and California State University to apply also to the Regents of the University of California, the Judicial Council, counties, cities, and public authorities, including transit districts, among others, and would correspondingly broaden the definition of an employee organization. In this context, the bill would authorize employee organizations and bona fide associations to request payroll deductions and would require public employers to honor these requests. The bill would require public employers to make rules and regulations for the administration of specified payroll deductions, subject to meeting and conferring with the applicable employee organizations. This bill contains other related provisions and other existing laws.

SENATE APPROPRIATIONS, PORTANTINO, Chair

Summary: (1)Existing law requires each applicant for a license to operate a skilled nursing facility or intermediate care facility to disclose to the State Department of Public Health, among other things, the names and addresses of any person or organization, or both, having an ownership or control interest of 5% or more in a management company that operates, or is proposed to operate, the facility. A failure to disclose this information is a basis for an action to revoke or deny a license. Existing law requires these disclosures to be available to the public, as specified, and further requires a licensee to update these disclosures to the department within 30 calendar days of a change. A violation of these provisions is a crime. This bill would require similar disclosures to the Office of Statewide Health Planning and Development by an applicant for a license to operate a skilled nursing facility and by a skilled nursing facility licensee relating to an ownership or control interest of 5% or more in a related party, as defined, that provides, or is proposed to provide, any service to the skilled nursing facility. The bill would specifically require the applicant or licensee to disclose all services provided, or to be provided, to the skilled nursing facility, the number of individuals who are intended to provide that service at the skilled nursing facility and any other information requested by the office. If goods, fees, and services collectively worth \$10,000 or more per year are to be delivered to the skilled nursing facility, the bill would require the disclosure to include the related party's profit and loss statement and the Payroll-Based Journal public use data for the previous quarter for the skilled nursing facility's direct caregivers. Summary: Existing law, the Public Employees' Retirement Law (PERL), establishes the Public

Employees' Retirement System (PERS), which provides a defined benefit to members of the system, based on final compensation, credited service, and age at retirement, subject to certain variations. PERL authorizes a public agency to contract to make its employees members of PERS, and prescribes a process for this. Under PERL, a contracting agency and its employees may agree in writing to share the costs of the employer contribution in accordance with specified procedures. Existing law requires, in these circumstances, the collective bargaining agreement for a contracting agency and its employees to specify the exact percentage of member compensation that is to be paid toward the current service costs of the benefits by members. This bill would revise that provision to also refer to a memorandum of understanding ratified by the employee bargaining unit and the governing body of the contracting agency. The bill would require these agreements, as an alternative to specifying the exact percentage of member compensation to be paid toward the current service cost of the benefit by members, to specify the methodology for calculating that cost-sharing rate. This bill contains other related provisions and other existing laws.

Summary: The Public Employees' Retirement Law (PERL) vests the management and control of the Public Employees' Retirement System in the Board of Administration. PERL requires the board to appoint and fix the compensation of an executive officer, a general counsel, a chief actuary, a chief investment officer, a chief financial officer and other investment officers and portfolio managers, as specified. PERL requires that specified principles guide the board when fixing compensation, consistent with its fiduciary responsibility to recruit and retain highly qualified and effective employees for these positions. This bill would additionally require the board to appoint and fix the compensation of a chief operating officer and a chief health director.

Summary: (1) Existing law, the Knox-Keene Health Care Service Plan Act of 1975, provides for the licensure and regulation of health care service plans by the Department of Managed Health Care and makes a willful violation of the act a crime. Existing law also provides for the regulation of health insurers by the Department of Insurance. Existing law requires that health care service plans and health insurance policies, as specified, provide coverage for certain services and treatments, including emergency medical transportation services. This bill would require a health care service plan contract or a health insurance policy issued, amended, or renewed on or after January 1, 2019, to provide that if an enrollee, insured, or subscriber, as applicable, receives covered services from a noncontracting air ambulance provider, the insured or subscriber shall pay no more than the same cost sharing that the insured or subscriber would pay for the same covered services received from a contracting air ambulance provider, referred to as the in-network cost-sharing amount. The bill would specify that an enrollee, subscriber, or insured would not owe the noncontracting provider more than the in-network cost-sharing amount for services subject to the bill, as specified. The bill would allow a noncontracting provider to advance to collections only the in-network cost-sharing amount as determined by the health care service plan or insurer. The bill would authorize a health care service plan, health insurer, or provider to seek relief in any court for the purpose of resolving a payment dispute, and would not prohibit a provider from using a health care service plan's or health insurer's existing dispute resolution processes. Because a willful violation of the bill's requirements relative to health care service plans would be a crime, the bill would impose a state-mandated local program. This bill contains other related provisions and other existing laws.

Summary: Existing law, the Knox-Keene Health Care Service Plan Act of 1975, provides for the licensure and regulation of health care service plans by the Department of Managed Health Care. Existing law prohibits a health care service plan from engaging in an unfair payment pattern, as defined, and requires the department to adopt regulations that ensure that plans have adopted a dispute resolution mechanism, as specified. This bill would require the department to review complaints of unfair payment patterns on or before July 1, 2019, and annually thereafter. The bill would require the department to conduct an audit and an enforcement action, as specified, if the Director of the Department of Managed Health Care determines the complaint review indicates a possible unfair payment pattern. Upon a final determination by the department that a health care service plan's, or plan's capitated provider's, practice, policy, or procedure constitutes a demonstrable and unjust payment pattern or unfair payment pattern, the bill would require the director to assess an administrative penalty in, and to require the plan to pay the provider, an amount not less than the amount owed plus interest.

Summary: The Public Employees' Retirement Law (PERL) establishes the Public Employees' Retirement System (PERS), which provides a defined benefit to members of the system, based on final compensation, credited service, and age at retirement, subject to certain variations. PERL authorizes a public agency and a school employer to contract to make their employees members of PERS. PERL establishes the compensation earnable by members of the system, defined as the member's payrate and special compensation, including out-of-class pay. Existing law requires fees and other amounts received by the Board of Administration of PERS pursuant to PERL to be credited to the Public Employees' Retirement Fund, a continuously appropriated fund. This bill would instead require that the amount of money for this penalty equal 3 times the employee and employer contributions that otherwise would have been paid and reported to the system for the difference between the compensation paid for the out-of-class appointment and the compensation that would have been paid and reported to the system, but for the vacancy, for the position in accordance with a publicly available pay schedule applicable to the vacant position, for the entire period or periods the member serves in an out-of-class appointment. By increasing the amount of moneys deposited in a continuously appropriated fund, this bill would make an appropriation. This bill contains other existing laws.

Summary: Existing property tax law attaches, as a lien against property, taxes that are owed on that property. Existing law generally declares in default the taxes, assessments, and penalties on real property if those charges are not paid by a specified time. Existing law requires the tax collector to attempt to sell property that has become tax defaulted 5 years or more after that property has become tax defaulted, and in the case of tax-defaulted property that is also subject to a nuisance abatement lien, 3 years or more after that property becomes tax defaulted, as specified. During these 3- and 5-year periods, existing law allows a taxpayer a right of redemption whereby the taxpayer may pay specified charges to remove the lien against the property. Existing law specifies that this right of redemption terminates on the last business day prior to the date that the sale of the property begins and, if the tax collector approves a sale as a credit transaction and does not receive full payment on or before the date upon which the tax collector requires, the right of redemption is revived on the next business day following that date, as specified. Existing law also provides that the right of redemption is revived if the property is not sold. This bill would specify that the commencement of the tax sale constitutes the actual sale date, regardless of the date of the conclusion of the auction. The bill would provide that the taxpayer loses all rights in the property during the auction period for failure to redeem the property by the final redemption date. The bill would provide that if a property has not been redeemed, any person or entity with title of record to the property loses all rights in the property, including all legal and equitable interest therein, upon close of the redemption period. However, those rights return if the right of redemption is revived. The bill would specify that the provisions relating to the right of redemption do not affect the distribution of proceeds, as specified, and apply regardless of

whether the tax collector or his or her designee conducts the tax sale in person.

Summary: Existing law provides for the regulation of health care practitioners and requires prescription drugs to be ordered and dispensed in accordance with the Pharmacy Law. The Pharmacy Law provides that a prescription is an oral, written, or electronic data transmission order and requires electronic data transmission prescriptions to be transmitted and processed in accordance with specified requirements. This bill, on and after January 1, 2022, would require health care practitioners authorized to issue prescriptions to have the capability to transmit electronic data transmission prescriptions, and would require pharmacies to have the capability to receive those transmissions. The bill would require those health care practitioners to issue prescriptions as an electronic data transmission prescription, unless specified exceptions are met. The bill would not require the pharmacy to verify that a written, oral, or faxed prescription satisfies the specified exemptions. The bill would require the pharmacy receiving the electronic data transmission prescription to immediately notify the prescriber if the electronic data transmission prescription fails, is incomplete, or is otherwise not appropriately received. The bill would require the pharmacy to transfer or forward the prescription to another pharmacy at the request of the patient, as specified. The bill would require that a health care practitioner, pharmacist, or pharmacy who fails to meet the applicable requirements imposed by this bill be referred to the appropriate state professional licensing board solely for administrative sanctions, as provided.

SENATE APPROPRIATIONS, PORTANTINO, Chair

Summary: (1) Existing law contains provisions relating to employer-employee relations between the state and its employees, public schools and their employees, local public agencies and their employees, and postsecondary educational institutions and their employees. The Meyers-Milias-Brown Act, in this regard, generally governs employer-employee relations between local public agencies and their employees. Existing laws provide these public employees with the right to form, join, and participate in the activities of employee organizations for the purpose of representation on all matters of employer-employee relations. The selected employee organization has the right to represent its members on all matters of employer-employee relations, including disputes. Existing law also prescribes the powers and duties of public transit districts, including administering employer-employee relations. The courts have held that the Meyers-Milias-Brown Act, pertaining to employer-employee relations between local public agencies and their employees, does not apply to public transit districts that have a statutorily prescribed method of administering employer-employee relations that was in existence at the time the Meyers-Milias-Brown Act was enacted. This bill would give employees within the supervisory units of the San Francisco Bay Area Rapid Transit District the right to form, join, and participate in the activities of employee organizations of their own choosing for the purposes of representation on all employer-employee relations matters and would permit these employees to meet, confer, and enter into memoranda of understanding for these purposes pursuant to the Meyers-Milias-Brown Act. The bill would provide that the act governs these employer-employee relations and that they are subject to the exclusive jurisdiction of, and are to be administered by, the Public Employment Relations Board. This bill contains other existing laws.

Summary: Existing law regulates life care contracts, also known as continuing care contracts, and imposes certain reporting and reserve requirements on continuing care communities. Existing law

requires each provider that has entered into a specified type of contract with an up-front entrance fee to submit to the Department of Social Services, at least once every 5 years, an actuary's opinion as to the provider's actuarial financial condition. This bill would instead require all providers subject to a continuing care contract to file an actuary's opinion, as specified. The bill would require a provider to post a copy of the actuary's opinion at a central and conspicuous location in the facility and in a conspicuous location on the provider's Internet Web site within 10 days of submitting the opinion to the department. The bill would also require each provider to conduct, at least once every 3 years, a review of the accessible areas that the provider is obligated to repair, replace, restore, or maintain within the facility, as specified. The bill would require the board of each provider to use the review to consider and implement necessary adjustments to its reserve account requirements. The bill would require each provider to submit, at least once every 3 years, a summary of the maintenance and replacement review and the adjustments the board has made or plans to make to as a result of the review. The bill would also require the provider to post a copy of the summary and adjustment plan in a central and conspicuous location at the facility and in a conspicuous location on the provider's Internet Web site.

Summary: Existing law provides for the licensure and regulation of residential care facilities for the elderly by the State Department of Social Services. Existing law requires a facility to have an emergency plan that includes specified provisions and is available, upon request, to residents onsite and available to local emergency responders. Existing law exempts a facility that has obtained a certificate of authority to offer continuing care contracts from this requirement. A violation of these provisions is punishable as a misdemeanor. This bill would repeal the above-described provision exempting a facility that has obtained a certificate of authority to offer continuing care contracts from the requirement of having an emergency plan. The bill would require the emergency plan to include additional elements, including a contact information list and at least 2 shelter locations for housing residents during an evacuation. The bill would require a facility to provide training on the emergency plan to each staff member upon hire and annually thereafter. The bill would also require a facility to review the plan annually, as specified, and to conduct a drill for various emergency situations at least once quarterly for each shift. The bill would require the facility to make the emergency plan available, upon request, to any responsible party for a resident and the local long-term care ombudsman, and would require a person seeking a license for a new facility to submit the emergency plan with the initial license application. Because a violation of these provisions would be a crime, this bill would impose a state-mandated local program. This bill contains other related provisions and other existing laws.

Summary: Existing law, the Medicinal and Adult-Use Cannabis Regulation and Safety Act, which includes the Control, Regulate and Tax Adult Use of Marijuana Act (AUMA), enacted by the voters at the November 8, 2016, regulates the cultivation, distribution, and use of cannabis for medical purposes and for nonmedical purposes by people 21 years of age and older. Existing law places specified restrictions on the advertising or marketing of cannabis and cannabis products, including prohibiting advertising or marketing cannabis or cannabis products in a manner intended to encourage persons under 21 years of age to consume cannabis or cannabis products. This bill would specify that advertising or marketing cannabis or cannabis products in a manner intended to encourage persons under 21 years of age to consume cannabis or cannabis products includes all advertising of cannabis or cannabis products through the use of branded merchandise, including, but not limited to, clothing, hats, or other merchandise with the name or logo of the product. Summary: Existing law requires the California Health and Human Services Agency to research the options for developing a cost, quality, and equity data atlas. Existing law requires the research to include certain topics, including, among others, identification of key data submitters, a comparative analysis of potential models used in other states, and an assessment of types of governance structures that incorporate representatives of health care stakeholders and experts. Existing law requires the agency to have made the results of the above-described research available to the public no later than March 1, 2017, by submitting a report to the Assembly and Senate Committees on Health. This bill would require the Secretary of California Health and Human Services, in furtherance of the goal of creating the California Health Care Cost, Quality, and Equity Atlas, to convene an advisory committee composed of a broad spectrum of health care stakeholders and experts, as specified. The bill would require the secretary to charge the advisory committee with identifying the type of data, purpose of use, and entities and individuals that are required to report to, or that may have access to, a health care cost, quality, and equity atlas, and with developing a set of recommendations based on specified findings of the March 1, 2017, report.

Existing law provides that the applicant's federal employer identification number, social security number, or

individual taxpayer identification number information is not a public record and is not open to the public for inspection. This bill would revise this provision to provide that information is not open for public inspection, is confidential, and shall not be disclosed, except as specified. The bill would require information submitted by an applicant to be collected, recorded, and used only for the purpose of determining eligibility for a license and administering the licensing program. Summary: Existing law establishes the California Partnership for Long-Term Care Program, which is administered by the State Department of Health Care Services. The purpose of the program is to link private long-term care insurance and health care service plan contracts that cover long-term care with the In-Home Supportive Services program and the Medi-Cal program and to provide Medi-Cal program benefits to certain individuals who have income and resources above the eligibility levels for receipt of medical assistance, but who have purchased certified private long-term care insurance policies. Existing law prescribes specified criteria for certification of a long-term care insurance policy under the program. This bill would require a policy, certificate, or rider as described above to instead be called a home care, community-based services, and residential care facility only policy, certificate, or rider. The bill would delete assisted living facility services from the list of required minimum services to be provided, clarify that those required minimum services include care in a residential care facility, and delete the policy definitions. Summary: Existing law dissolved redevelopment agencies and community development agencies as of February 1, 2012, and provides for the designation of successor agencies to wind down the affairs of the dissolved redevelopment agencies and to, among other things, dispose of assets and properties of the former redevelopment agency as directed by the oversight board of the successor agency. Existing law requires a successor agency to dispose of specified assets and properties of the former redevelopment expeditiously and in a manner aimed at maximizing value. This bill would, until January 1, 2022, authorize the successor agency to the Redevelopment Agency of the County of Sacramento to dispose of a specified property previously used as the San Juan Hotel and Mobile Home Park for an amount less than fair market value, provided that the agency require that the property be used for housing affordable to, and occupied by, persons and families of low or moderate income and very low income and extremely low income households and include an enforceable covenant to that effect. Summary: Existing law regulates the labor relations of employees and employers of public agencies. Existing law grants specified employees of public agencies the right to form, join, and participate in the activities of employee organizations of their choosing and requires public agency employers, among other things, to meet and confer with representatives of recognized employee organizations and exclusive representatives on terms and conditions of employment. Existing law creates the Public Employment Relations Board and grants it specified powers in connection with public employee labor relations. Existing law described above grants the board the power to hear specified disputes in relation to these provisions and to make determinations regarding them. This bill would authorize the Public Employment Relations Board to grant expedited status for specified matters and generally codify regulations of the board, in this regard, that are currently in effect. Summary: The Public Employees' Medical and Hospital Care Act, which is administered by the Board of Administration of the Public Employees' Retirement System, governs the funding and provision of postemployment health care benefits for eligible retired public employees and their beneficiaries. Existing law requires the board to approve an employee association health benefit plan previously approved by the board in the 1987-88 contract year or prior, if the plan continues to meet the minimum standards prescribed by the board. Existing law authorizes the California Correctional Peace Officer Association Health Benefits Trust to offer different health benefit plan designs with varying premiums in different areas of the state. This bill would require the board to approve an employee association health benefit plan offered by the California Association of Highway Patrolmen Health Benefits Trust, the Peace Officers Research Association of California Health Benefits Trust, or the California Correctional Peace Officer Association Health Benefits Trust if the plan meets minimum standards prescribed by the board. Summary: The State Civil Service Act requires notice of any adverse action against any state employee for any cause for discipline based on any civil service law to be served within 3 years after the cause for discipline, upon which the notice is based, first arose. That act provides that an adverse action based on fraud, embezzlement, or the falsification of records is valid if notice of the adverse action is served within 3 years after the discovery of the fraud, embezzlement, or falsification. This bill would instead provide that for any adverse action not based on fraud, embezzlement, or falsification of records, if the cause for discipline was discovered on or after January 1, 2018, notice would be required to be served within one year of the discovery of the cause for discipline.

(Moorlach R) Judges' Retirement System II: deferred retirement.

Current Text: Amended: 7/2/2018 [html](#) [pdf](#)

Introduced: 2/17/2017

Last Amend: 7/2/2018

Status: 7/2/2018-From committee with author's amendments. Read second time and amended. Re-referred to Com. on APPR.

Location: 6/20/2018-A. APPR.

Summary: (1) Existing law establishes the Judges' Retirement System II, which the Board of Retirement of the Public Employees' Retirement System administers. Existing law authorizes a judge who is a member of the system and who retires upon attaining both 65 years of age and 20 or more years of service, or upon attaining 70 years of age with a minimum of 5 years of service, to elect from specified retirement benefits including a monthly pension. Existing law requires a judge who leaves judicial office after accruing 5 or more years of service, but who has not reached the applicable age of retirement, to be paid a lump sum equal to monetary credits that accrued while he or she was in office, as specified.

Existing law authorizes a judge who, among other things, separates from office after accruing 5 or more years of service and has not reached 65 years of age to continue health care benefits if he or she assumes certain payments. Existing law specifies benefits provided to a surviving spouse or other beneficiary in relation to these provisions. This bill would authorize a judge who is not otherwise eligible to retire and who has either attained 60 years of age with a minimum of 5 years of service or accrued 20 or more years of service to leave his or her monetary credits on deposit with the system, to retire, and upon reaching retirement age, as specified, to receive a monthly retirement allowance, as provided. The bill would prescribe procedures to apply if the judge fails to elect within 30 days of separation and would authorize the board to charge an administrative fee, as specified, to a judge who elects to apply these provisions. The bill would specify the retirement allowance provided to a surviving spouse or other beneficiary, and would make other conforming changes in relation to these provisions. The bill would also provide, for the purposes of the Judges' Retirement System II, and for a judge first appointed or elected to office on or after January 1, 2019, that a surviving spouse is a spouse who was married to the judge continuously from the date of retirement until the judge's death. This bill contains other related provisions and other existing laws.

Last Amend: 3/14/2018

Status: 6/20/2018-Coauthors revised. From committee: Do pass and re-refer to Com. on APPR. (Ayes 4. Noes 1.) (June 20). Re-referred to Com. on APPR.

Location: 6/20/2018-A. APPR.

Summary: The California Constitution requires members of the retirement board of a public pension or retirement system to discharge their duties with respect to the system solely in the interest of, and for the exclusive purposes of providing benefits to, participants and their beneficiaries, minimizing employer contributions thereto, and defraying reasonable expenses of administering the system. Existing statutory law establishes various public employee retirement systems and provides for the administration of the State Teachers' Retirement System by the Teachers' Retirement Board and for the administration of the Public Employees' Retirement System, among other public employee retirement systems, by the Board of Administration of the Public Employees' Retirement System. This bill would, until January 1, 2035, require climate-related financial risk, as defined, to be analyzed to the extent the boards identify the risk as a material risk to the Public Employees' Retirement Fund or the Teachers' Retirement Fund. The bill, by January 1, 2020, and every 3 years thereafter, would require each board to publicly report on the climate-related financial risk of its public market portfolio, including alignment of the Public Employees' Retirement Fund and the Teachers' Retirement Fund with a specified climate agreement and California climate policy goals and the exposure of the fund to long-term risks, as specified. The bill would provide that it does not require either board to take action unless the board determines in good faith that the action is consistent with its fiduciary responsibilities. The bill would make related legislative findings and declarations.

Current Text: Enrolled: 7/9/2018 [html](#) [pdf](#)

Introduced: 2/5/2018

Status: 7/5/2018-Read third time. Passed. Ordered to the Senate. In Senate. Ordered to engrossing and enrolling.

Location: 7/5/2018-S. ENROLLMENT

Summary: Existing law, the Knox-Keene Health Care Service Plan Act of 1975, provides for the licensure and regulation of health care service plans by the Department of Managed Health Care and makes a willful violation of the act a crime. Existing law requires a health care service plan to ensure that there is at least one full-time equivalent primary care physician for every 2,000 enrollees and authorizes the assignment of up to an additional 1,000 enrollees, as specified, to a primary care physician for each full-time equivalent nonphysician medical practitioner, as defined, supervised by that physician. Under existing law, these provisions repeal on January 1, 2019. This bill would delete the repeal date, thereby continuing operation of these provisions indefinitely. By extending the operation of these requirements, the willful violation of which would be a crime, this bill would impose a state-mandated local program.

Summary: (1)Existing law, the Public Employees' Retirement Law (PERL), vests the Board of

Administration of the Public Employees' Retirement System with the responsibility of administering the Public Employees' Retirement System. PERL provides that data filed by a member or beneficiary with the board is confidential, subject to certain exceptions, and is to be used only for carrying PERL into effect. This bill would specify that the confidentiality provisions, described above, apply to the Public Employees Medical and Hospital Care Act, which the board also administers, and would make conforming changes to account for this and to account for school district and university employer categories currently in effect. The bill would authorize the confidentiality of provisions of records connected to the beneficiary of a member or retired member who is or was employed by the entity. The bill also would authorize data to be used in connection with related reporting and notice obligations. This bill contains other related provisions and other existing laws.

Current Text: Amended: 4/30/2018 [html](#) [pdf](#)

Introduced: 2/7/2018

Last Amend: 4/30/2018

Status: 6/20/2018-From committee: Do pass and re-refer to Com. on APPR. (Ayes 6. Noes 0.) (June 19). Re-referred to Com. on APPR.

Location: 6/20/2018-A. APPR.

Summary: Existing law, the Mello-Granlund Older Californians Act, finds and declares that one in 3 Americans over 65 years of age suffers a fall each year, often in the home, which can cause serious injury and depression. The act establishes the California Department of Aging, and sets forth its duties and powers, including, among other things, entering into a contract for the development of information and materials to educate Californians on the concept of "aging in place" and the benefits of home modification. This bill would repeal those provisions relating to the department's provision of information on housing and home modifications for seniors. This bill contains other related provisions and other existing laws.

(Roth D) Insurance: long-term care.

Current Text: Amended: 6/12/2018 [html](#) [pdf](#)

Introduced: 2/8/2018

Last Amend: 6/12/2018

Status: 6/20/2018-From committee: Do pass and re-refer to Com. on APPR. with recommendation: To consent calendar. (Ayes 12. Noes 0.) (June 20). Re-referred to Com. on APPR.

Location: 6/20/2018-A. APPR.

Summary: Existing law generally regulates long-term care insurance policies delivered or issued after January 1, 1990. As to these policies, existing law requires a policy or certificate to include a provision that gives the policyholder or certificate holder certain specified rights to reduce coverage and lower premiums. This bill would provide that, if a premium increases, a policy holder or certificate holder has a right to retain a policy or certificate while reducing coverage and lowering the premium, and specifies options and information that an insurer would be required to provide under those circumstances. The bill would require an insurer offering a policy or certificate with an inflation protection provision to provide specified options if a policyholder or certificate holder opts to reduce coverage. The bill would provide that the premium for a reduced coverage policy or certificate shall be based on the issue age and underwriting class, as specified, and consistent with the approved rate table. The bill would require an insurer, for a policy issued or delivered after January 1, 2020, to provide specified options to retain a policy or certificate while reducing coverage and lowering the premium.

Introduced: 2/12/2018

Status: 2/13/2018-From printer. May be acted upon on or after March 15.

Location: 2/12/2018-S. RLS.

Summary: The Public Employees' Retirement Law (PERL) establishes the Public Employees' Retirement System (PERS), which provides pension and other benefits to members of PERS. PERL requires certain public employers to contribute moneys to PERS. Existing law prohibits the state, school employers, and contracting agencies, as defined, from refusing to pay the employers' contribution as required by PERL. This bill would require a contracting agency that fails to make a required contribution to PERS to notify members of the delinquency within 30 days, as specified.

Status: 7/5/2018-From committee with author's amendments. Read second time and amended. Re-referred to Com. on APPR.

Location: 6/26/2018-A. APPR.

Summary: Existing law makes it a crime for a person entrusted with the care or custody of any elder or dependent adult to willfully cause him or her to be injured or permit him or her to be placed in a situation in which his or her person or health is endangered. Existing law also authorizes county adult protective services agencies and local long-term care ombudsman programs to investigate elder and dependent adult abuse, but grants law enforcement agencies the exclusive responsibility for criminal investigations. This bill would require local law enforcement agencies, as defined, and adult protective services agencies and long-term care ombudsman programs to revise or include in their policy manuals, as defined, specified information regarding elder and dependent adult abuse. This bill contains other related provisions and other existing laws.

Location: 6/26/2018-A. APPR.

Summary: Existing law establishes procedures for providing access to various types of health care records, including patient records, as defined, by patients and persons having responsibility for decisions respecting the health care of others. Existing law gives health care providers, as defined, various responsibilities in connection with providing access to these records. This bill would require certain health care providers, no later than the date of the first service delivery, or as soon as reasonably practicable after an emergency treatment situation, to provide a statement to the patient, or the patient's representative, that sets forth the patient's rights and the intended retention period for the records. The bill would require those health care providers that plan to destroy patient records to notify the patient at least 60 days before a patient's records are to be destroyed, as provided. The bill would require a health care provider to provide a patient with his or her original medical records that the provider plans to destroy if the patient makes a request for the records to the provider before the date of the proposed destruction of the records. The bill would authorize a health care provider to charge a patient for the actual costs of copying, mailing, or shipping the patient's records under that provision. The bill would authorize the issuance of citations and the assessment of administrative penalties for violations. Under the bill, if a group practice or clinic comprised of health care providers subject to the bill is the custodian of patient records for those health care providers, the group practice or clinic, rather than the individual health care provider, would be required to comply with the bill's provisions.

Summary: The County Employees Retirement Law of 1937 (CERL) authorizes counties to establish retirement systems pursuant to its provisions in order to provide pension benefits to their employees. CERL authorizes the retirement boards of 5 specified counties to appoint assistant administrators and chief investment officers who, following appointment, are outside county charter, civil service, and merit system rules, except as specified. CERL provides that these administrators and officers are employees of the county, as specified, while serving at the pleasure of the appointing boards, and that they may be dismissed without cause. This bill would apply these provisions to any county if the board of supervisors for that county, by resolution adopted by majority vote, makes those provisions applicable in the county.

Summary: Existing law creates the Public Employees' Retirement System, which provides defined retirement benefits to employees of the state and to employees of other public agencies contracting with the Board of Administration of the Public Employees' Retirement System for this purpose. The benefits provided by the system are funded by employer and employee contributions and investment returns. This bill would enact the California Employers' Pension Prefunding Trust Program and establish the California Employers' Pension Prefunding Trust Fund to allow state and local public agency employers that provide a defined benefit pension plan to their employees to prefund their required pension contributions. This bill contains other related provisions.

(Hernandez D) Pharmacy: automated drug delivery systems.

Current Text: Amended: 7/3/2018 [html](#) [pdf](#)

Status: 7/3/2018-Read second time and amended. Re-referred to Com. on APPR.

Location: 6/26/2018-A. APPR.

Summary: Existing law, the Pharmacy Law, establishes the California State Board of Pharmacy, within the Department of Consumer Affairs, to license and regulate the practice of pharmacy. Existing law makes any violation of the Pharmacy Law punishable as a crime. This bill, beginning on January 1, 2020, would repeal the general ADDS provisions and the additional conditions for an ADDS located in a health facility. The bill instead would require an ADDS, as defined, to meet specified requirements in order to be installed, leased, owned, or operated in the state, including a license for the ADDS issued by the board to the holder of a current, valid, and active pharmacy license. The bill would limit the placement and operation of an ADDS to specified locations, including the licensed pharmacy holding that ADDS license, a licensed health facility, a licensed clinic, or a specified medical office if the ADDS is an automated patient dispensing system (APDS), as defined. The bill would require the pharmacy holding the ADDS license to own or lease the ADDS and the drugs and devices located within it, as provided, and would require that pharmacy to supervise the operation of the ADDS. The bill would prescribe specified stocking and transfer requirements for those drugs and devices. The bill would require the pharmacy holding the ADDS license to provide training on the operation and use of that ADDS to specified individuals and would require the pharmacy to complete periodic self-assessments. The bill would require additional conditions for APDS. The bill would also authorize a pharmacy inspector employed by the board to enter the location, or proposed location, of an ADDS to inspect the ADDS or the location pursuant to these provisions. This bill would require on or before January 1, 2024, the board to report to the appropriate policy committees of the Legislature on the regulation of ADDS units, as provided. Because a violation of the Pharmacy Law is punishable as a crime, the bill would expand the scope of an existing crime, thereby imposing a state-mandated local program. This bill contains other related provisions and other existing laws.

Last Amend: 6/6/2018

Status: 6/20/2018-From committee: Do pass and re-refer to Com. on APPR. (Ayes 6. Noes 0.) (June 20). Re-referred to Com. on APPR.

Location: 6/20/2018-A. APPR.

Summary: (1) Under existing law, the Department of Human Resources succeeds to and is vested with all the powers and duties previously performed by the Department of Personnel Administration. Existing law authorizes the Department of Human Resources to establish a deferred compensation plan that permits state officers and employees, participating pursuant to written agreement, to provide for a deferral of their wages. Existing law requires the department to permit officers and employees participating in a tax-deferred retirement savings plan to invest in a range of specified investment options. This bill would revise these provisions generally to refer to tax-advantaged retirement savings plans and would eliminate the requirement that the participation agreement be written. The bill would delete specific references to investment options that must be offered and instead require the department to offer a broad range of investments. The bill would grant the department the exclusive authority to determine the investment products provided in the core portfolio, subject to certain requirements. The bill would also require the department to offer a brokerage option. The bill would additionally update various references to the Department of Personnel Administration to instead refer to the Department of Human Resources. (2) Existing law provides that when an employer discharges an employee, or he or she quits, as specified, the wages earned and unpaid at the time of discharge are due and payable immediately. Existing law, applicable to the state, permits an employee, when he or she is discharged, quits, or retires, to elect at least 5 workdays prior to his or her last day of employment that unused vacation and leave, as specified, be applied to the employee's state sponsored supplemental retirement plan or received as a lump sum. Subject to certain requirements, a state employee may elect different options to defer payment into the next calendar year. This bill would provide that the election described above be made no later than 5 days after his or her final day of

employment. The bill would provide that certain options apply only to leave if the employee is terminated or leaves employment after November 1 of a calendar year, and would prescribe conditions regarding when payments would be deferred, deposited, or tendered. The bill would make various conforming changes, including to conform with federal regulation. This bill would extend that requirement to training of managers. This bill contains other related provisions and other existing laws.
