

Many ways to get care

Whether you need help with depression, stress, or addiction issues, you can connect with a mental health professional when and where it works for you.

24/7 advice: Support from an on-call care specialist when you call our appointment and advice line

Video visit: Face-to-face care from a doctor or nurse on your smartphone or computer¹

E-visit: Online questionnaire to provide a personalized care plan

Phone appointment: High-quality care over the phone – just like an in-person visit¹

Email: A secure way to get care by messaging your doctor's office with nonurgent questions

No matter how you reach out, you'll get support from a care team that can view your medical history and connect you to the right care.

Find care near you

In-person mental health services are conveniently available throughout the Northern California area.

- Central Valley
- Diablo
- Fresno
- Greater Sacramento

CalPERS Northern California

Caring for the whole you

Mental health and addiction care services

- Adult mental health
- Child and adolescent mental health
- Addiction and recovery
- Emotional wellness

Mental health care goes hand in hand with all the care we provide.

✓ Primary care

Talk to your primary care doctor about any mental health issues, anytime. They'll do mental health and substance use screenings and help you with next steps.

✓ Specialty care

Call us to make an appointment with a mental health care professional – no referral needed. And if you're already getting care through a specialty or emergency department, your care team can connect you to the right resources.

✓ Self-care and wellness resources

You have access to many tools including self-care apps at no cost, wellness coaching, and classes.² You can also take a self-assessment at kp.org/mentalhealth, join webinars on mindfulness, and more.

Connected care

Your entire care team is connected to each other, and to you, through your electronic health record. So, it's easy for our doctors to consult with one another about your care. Our team includes many health professionals to support you:

- Addiction medicine specialists
- Behavioral medicine specialists
- Case managers
- Licensed clinical social workers
- Licensed marriage and family therapists
- Psychiatrists
- Psychologists
- Primary and specialty care doctors

Common conditions

We provide assessment and treatment for a variety of mental, emotional, and substance use conditions, including but not limited to:

- Anxiety and stress
- Attention deficit hyperactivity disorder (ADHD)
- Autism spectrum disorders
- Bipolar disorder
- Depression
- Eating disorders
- Obsessive-compulsive disorder (OCD)
- Personality disorders
- Postpartum depression
- Post-traumatic stress disorder (PTSD)
- Schizophrenia
- Sleep problems
- Substance use disorders and addiction

Support and resources

You can count on us to help guide you throughout your journey with a wide range of treatment options, most available in English and Spanish. These include but aren't limited to:

- Classes and webinars²
- Digital self-help tools
- Healthy lifestyle programs
- Integration with primary care
- Intensive outpatient services
- Inpatient services
- Outpatient services
- Preventive care
- Recovery and social support
- Wellness apps
- Wellness coaching (English only)

Self-care at your fingertips

It's common to struggle with everyday life sometimes. These wellness apps can help you with stress, sleep, depression, and more.⁴

Ease your mind with **Calm**, the #1 app for meditation, relaxation, and sleep.

Try personalized programs from **myStrength** to help manage depression, stress, anxiety, and more.⁵

To download the apps at no additional cost, visit kp.org/selfcareapps.
