## Overview

**Enloe Medical Center** had originally issued a notice to terminate its Contracting Hospital Agreement with Anthem Blue Cross effective October 1, 2018. Since then there have been agreement extensions to the current pending termination date of January 31, 2019. It is Anthem Blue Cross's intent to reach reasonable contractual language and reimbursement rates that are beneficial to both organizations. Unfortunately, as of this date, Anthem Blue Cross and Enloe Medical Center have been unable to reach agreement and our commercial hospital contract with Enloe Medical Center **may still terminate effective January 31, 2019**. Enloe Medical Center is located in the City of Chico in Butte County.

## How Members are Affected

### **1. What Anthem Blue Cross products will be affected by Enloe Medical Center's contract termination?**

This hospital contract termination could affect the out-of-pocket obligations for most Anthem Blue Cross members who are enrolled in PPO Basic, PPO Anthem Medicare Preferred and HMO benefit plans and receive care at Enloe Medical Center. Members who are enrolled in a Supplement to Medicare plan are not affected by this contract termination.

### **2. Will members be notified about the contract termination?**

Within five days after the hospital's firm termination from the network, Anthem Blue Cross will notify subscribers that personally accessed or had a covered family member access Enloe Medical Center within the last 12 months. In addition, members authorized or scheduled for a service or procedure at Enloe Medical Center will be notified after by mail if the contract terminates 1/31/19. The letters will instruct members to call the Customer Service number on their ID card if they are in a current course of treatment at Enloe Medical Center or have questions or concerns about the contract termination. The Department of Managed Health Care (DMHC) letters will state the following legally-required message regarding completion-of-covered-services/continuity-of-care:

*If you have been receiving care from a health care provider, you may have a right to keep your provider for a designated time period. Please contact the Anthem Blue Cross customer service department, and if you have further questions, you are encouraged to contact the Department of Managed Health Care, which protects HMO/PPO consumers, by telephone at its toll-free number, 1-888-HMO-2219, or at a TDD number for the deaf or hard of hearing at 1-877-688-9891, or online at [www.hmohelp.ca.gov](http://www.hmohelp.ca.gov).*

### **3. How will Anthem Blue Cross HMO members be affected by Enloe Medical Center's contract termination?**

All non-emergency hospital services must be approved by the member's participating medical group/IPA. If approved, Anthem Blue Cross will cover the claim at the member's in-network benefit levels. If not approved by the member's participating medical group/IPA, the claim will be denied, as stated in the members *Evidence of Coverage* (EOC).

### **4. How do members know if their doctor will be affected by this hospital termination?**

Many doctors have admitting privileges at more than one hospital. Just because a member's doctor may have admitting privileges at Enloe Medical Center does not necessarily mean that a doctor cannot treat his or her patients at another participating hospital. Please contact your doctor's office directly to confirm what facilities they have admitting privileges to.

---

## Physicians, Medical Groups, and Alternate Hospitals

### 5. What other participating hospitals are located near Enloe Medical Center?

Anthem Blue Cross has a statewide hospital network of over 300 acute care facilities. The *Find a Doctor* function at [www.anthem.com/ca](http://www.anthem.com/ca) can be used to locate a participating hospital in a specific area. The following is a partial list of alternate participating general acute care hospital(s) in the Enloe Medical Center service area:

- Oroville Hospital at 2767 Olive Highway Oroville

**Note, the alternate hospital(s) may not be participating in all Anthem networks. Anthem members will be advised to verify with both their provider and the Anthem Blue Cross website at [www.anthem.com/ca](http://www.anthem.com/ca) that the alternate facility is participating in their benefit plan's network.** For a **complete** list of contracted hospitals, as well as ambulatory surgical centers and other ancillary facilities, please see the Anthem Blue Cross website at [www.anthem.com/ca/CalPERS](http://www.anthem.com/ca/CalPERS). Customer Service representatives can check the provider database for a physician's admitting privileges at another nearby in-network facility. Members should confirm the information they receive with their treating physician. Every effort will be made to assist members in determining their choices and understanding the potential financial consequences of seeking care with a provider that is not in the Anthem Blue Cross provider network.

### 6. Will Anthem Blue Cross notify PPO physicians and admitting HMO medical groups about the contract termination?

On September 19, 2018 Anthem Blue Cross mailed letters to physicians who maintain privileges/affiliations at Enloe Medical Center explaining the pending contract termination. These letters encourage physicians to obtain alternate admitting privileges and/or arrange for the redirection of members to alternate participating hospitals. If applicable, *additional letters to admitting HMO medical groups and PPO physicians will be mailed immediately following the hospital's termination to inform them that the contract did in fact terminate while again asking that they gain alternate admitting privileges if they have not already done so.*

HMO medical groups and PPO physicians have agreed in their contracts to admit members to Anthem Blue Cross participating hospitals to ensure that each member receives the maximum benefit level under his or her benefit agreement.

As the *Prudent Buyer Participating Physician Agreement* (the "Provider Agreement") requires PPO physicians to maintain privileges at a participating hospital, physicians with exclusive admitting privileges to Enloe Medical Center will need to obtain admitting privileges at an alternate participating hospital prior to January 31, 2019 in order to continue the Provider Agreement. This will ensure that any necessary transition is as smooth and seamless as possible for them, their patients (our members) and the alternate participating hospital, should our contract with Enloe Medical Center terminate. If PPO physicians have questions or need additional information on how Anthem can help with this transition process, please contact the Anthem Blue Cross Network Relations Department at [CAContractSupport@anthem.com](mailto:CAContractSupport@anthem.com).

## Post-Termination Care – Enloe Medical Center

### 7. What if a member is in-patient at Enloe Medical Center on the day the contract terminates?

If a member is in-patient at 11:59 PM the day before the contract terminates, then the member will continue to receive uninterrupted care at Enloe Medical Center until he or she is discharged. In addition, the member's in-network benefit

---

levels will apply for the entire in-patient stay.

**8. What about members who need to complete a course of treatment (continuity of care) at Enloe Medical Center after the contract termination date?**

California law provides for completion of covered services/continuity of care for certain medical conditions following a provider's termination if, among other things, the provider and the plan agree on a rate of payment. The current contract between Anthem Blue Cross and Enloe Medical Center has provisions that cover members for continuity of care/completion of covered services after the contract terminates. If a member began a course of treatment at Enloe Medical Center before the contract termination date for one of the following conditions, the member or his or her physician can request continuity of care by calling the Anthem Blue Cross Customer Service Department:

- Members in an active course of treatment for an acute medical or behavioral health condition
- Members in an active course of treatment for a serious chronic condition
- Members who are pregnant, regardless of trimester
- Members with a terminal illness
- Members who are newborn children between the ages of birth and 36 months
- Members with a surgery or other procedure that was authorized by Anthem Blue Cross or a delegated provider (HMO medical group) prior to the termination date and scheduled to occur within 180 days after the termination date.

Eligibility for continuity of care depends on factors outlined in the member's EOC. Continuity of care/completion of covered-services will be considered by the Anthem Blue Cross Transition Assistance Department on a case by case basis. When a case is approved, the claim is processed at in-network benefit levels.

Please note: HMO members and physicians wishing to request continuity of care/completion of covered services would not contact Anthem Blue Cross because all medical management is delegated to the provider group. HMO members and physicians should contact their participating medical group.

**9. What if the member does not qualify for completion of covered services / continuity of care? Can the member receive care from Enloe Medical Center anyway?**

PPO and Traditional (Indemnity) Members:

Members enrolled in a PPO benefit plan who elect to receive care at a non-contracting facility may be responsible for higher out of pocket expenses depending on benefit plan design for non-authorized services as stated in the member's EOC.

HMO Members:

All services must be approved by the member's participating medical group/IPA. If approved, the claim will be covered at the member's in-network coverage schedule of benefits. If not approved by the member's participating medical group/IPA, and services are received at Enloe Medical Center, the claim may be denied as stated in the member's EOC.

**10. If a member does not have access to an alternate participating provider or a particular service is not available elsewhere, can he or she receive that service from Enloe Medical Center?**

Anthem Blue Cross assures its members that they will have timely access to care. If a service is not available at an alternate participating provider, PPO members may request an out-of-network referral by contacting Customer Service. Requests will be reviewed on a case by case basis pursuant to the Anthem Blue Cross out-of-network referral policy. When an out-of-network referral is approved by Anthem Blue Cross, the member's in-network benefit levels will apply. However, because Enloe Medical Center will no longer participate in the Anthem Blue Cross provider network, members may be responsible for higher out of pocket expenses, depending on their benefit plan. Every effort will be made to assist members in understanding the potential financial consequences of the decision to seek services from a non-participating provider.

**11. What about members who need emergency medical care at Enloe Medical Center following the contract's termination date?**

A hospital's emergency medical services do not require pre-authorization, regardless of where they are delivered. Enloe Medical Center must continue to provide services for members requiring emergency care. Coverage will be provided according to the member's policy benefits.

Anthem Blue Cross encourages members to make informed decisions about when to use urgent care as opposed to emergency room care. Urgent care is appropriate when a member needs a physician's attention for a condition that is non-life threatening. Any member needing urgent care, but whose physician or network provider is unavailable, should go to the nearest immediate or urgent care facility.

## Contract Negotiations

**12. What is the status of the negotiations between Anthem Blue Cross and Enloe Medical Center?**

Good faith negotiations with Enloe Medical Center continue. Anthem Blue Cross does not share details of its confidential contract negotiations with the public. Our primary goal during contract negotiations is to ensure we are fairly compensating providers, while assuring the best access to health care at an affordable price for our members. We take protecting our members from exceedingly high medical costs very seriously and cannot agree to a contract that puts further pressure on the rising cost of health care paid by our customers.

**13. Don't hospital negotiations usually work themselves out as a contract termination date draws closer?**

Negotiations often do work themselves out as the contract termination date gets closer, but that is not always the case. Anthem Blue Cross is doing everything it can to work collaboratively with Enloe Medical Center, as well as the PPO physicians and medical groups that maintain admitting privileges at Enloe Medical Center, to ensure a smooth transition for our members if an Agreement cannot be reached.
